

Tim Rothe Memorial Scholarship

In honor of Tim Rothe, the Tim Rothe Memorial Scholarship has been established. Tim was a 1992 graduate of Northwestern High School and an avid sports fan, particularly of baseball. He was heavily involved in athletics throughout the years, as a player, a parent, a coach, and a fan. Tim also had deep ties to the field of agriculture. He enjoyed being involved in FFA while in high school and chose a career in agriculture as an adult.

To be eligible for this scholarship, the applicant must be a 2026 graduate of Northwestern High School. Applicants must be involved in athletics. Preference will be given to candidates who play either baseball or softball as well as candidates who are going into the agricultural field.

Applications are due to Mrs. Etter by April 17th.
